INDUSTRIAL TOURS IN ONTARIO

CHANGING CONDITIONS MAY RESULT IN CHANGES IN THE FACILITIES LISTED FOR THE VARIOUS COMPANIES, BUT THE FOLLOWING PAGES WILL SERVE AS A GUIDE TO WHAT YOU MAY SEE ON TOUR. IN SOME CASES, A SMALL CHARGE MAY BE MADE. CERTAIN COMPANIES REQUIRE AT LEAST TWO WEEKS' NOTICE OF A REQUEST TO VISIT. WRITE OF PHONE WELL IN ADVANCE OF YOUR TRIP, IF POSSIBLE, TO AVOID DISAPPOINTMENT.

FOR THOSE WHO CHOOSE MINE TOURS, DUE TO THE COMPLICATED PROCEDURES INVOLVED IN MINING AND THE NECESSITY FOR SAFETY PRECAUTIONS MOST MINING TOURS ARE LIMITED TO SURFACE INSTALLATIONS. NEVERTHELESS, UNDER CONTROLLED CONDITIONS, VISITS ARE PERMITTED UNDERGROUND IN A FEW MINES.

THIS LIST IS ALPHABETICAL BY COMMUNITY.

A HUNDRED & ONE INDUSTRIAL TOURS IN ONTARIO

LOCATION AND CONTACT

PRODUCT AND DETAILS

ATIKOKAN

Location: 9 miles north of Atikokan on Hwy. 2.

Contact: Caland Ore Co. Atikokan, Ontario. (Tel: 6911)

MINING

A view of the open-pit mine, pellatizing and rail-loading operations can be seen from the lookout point provided.

ATIKOKAN

Location: 3½ miles north of Atikokan.

Contact: Mr. Ken Eoll, Industrial Relations, Steep Rock Iron Mines, Atikokan, Ontario.  
(Tel: 2711 X 307)

IRON MINING

Casual visitors not allowed into the actual working areas but look-outs have been provided from which a comprehensive view can be seen.

AYLMER

Contact: Mr. W. Flack, Plant Manager, Imperial Leaf Tobacco Co., John St. N. Aylmer, Ontario.  
(Tel: 733-9251)

TOBACCO

Home of the world's largest flue-cured tobacco processing plant. High school students and adults only.

BATAWA

Location: Hwy. 33, approx. 7 miles north of Trenton.

Contact: Personnel Manager, Bata Footwear, Batawa, Ontario.  
(Tel: 398-6111)

FOOTWEAR

Tour itinerary covers various stages of footwear manufacturing from raw materials to finished product for leather, rubber & canvas shoes.

## LOCATION AND CONTACT

### BRAMPTON

Location: Northeast corner of Kennedy Rd. and Steeles Ave.

Contact: Mrs. A. Ferguson, American Motors (Canada) 350 Kennedy Rd. S., Brampton, Ontario.

(Tel: 451-6780 X 341)

### CAMBRIDGE

Contact: Artex Woolens, 25 Sheffield, Hespeler-Cambridge, Ontario.

(Tel: 658-9328) and Dominion Woolens, 215 Queen St., Hespeler, Ontario (Tel: 658-9311)

### CAPREOL

Contact: National Steel Corp., Capreol, Ontario.

(Tel: Hammer 969-4466)

### CHALK RIVER

Location: Off Hwy. 17.

Contact: Chief Guide, Nuclear Laboratories, Chalk River, Ontario.

(Tel: 584-3311 or 687-5581)

## PRODUCT AND DETAILS

### AUTOMOBILES

Tour covers the assembly plant which is divided into 3 sections - Body Dept., Paint Dept., and the Trim and Final Lines. Children under 15 not admitted in the plant during production hours.

### WOOLENS

### IRON

Moose Mountain Mine: this operation ships about 680,000 tones of pellets annually to its harbour facilities at Parry Sound.

### NUCLEAR ENERGY

LOCATION AND CONTACT

PRODUCTS AND DETAILS

COBALT

Contact: Agnico-Eagle Mines Ltd.,  
Mine Office, Prospect, Cobalt, Ont.  
(Tel: 679-8551)

SILVER

COBALT

Contact: Teck Corp.,  
Cobalt, Ontario.  
(Tel: 679-5768)

SILVER

Con ducted tours through  
the Silverfields Mine.

COCHRANE

Location: Off Hwy. 11.  
Contact: Mr. F. Lacroix, Plant Manager,  
Cochrane Enterprises, Railway St.,  
Cochrane, Ontario.  
(Tel: 272-4321)

PLYWOOD

A plywood (Poplar & spruce)  
plant where the process  
can be observed in all stages  
from logs to finished products.

COLLINGWOOD

Location: Hwy. 26 & Mountain Rd.,  
west end of Collingwood.  
Contact: Mrs. P. Best, Blue Mountain,  
Pottery, Division of International  
Silver of Canada Ltd., Collingwood,  
Ontario.  
(Tel: 445-3000)

CERAMICS

Pottery made in the Blue  
Mountains of Collingwood.  
There is a retail store  
on the premises where  
completed merchandise may  
be seen.

COR YVILLE

Location: On old Hwy. 37 at  
Corbyville, just north of Belleville.  
North on Hwy. 37 & first left  
turning immediately north of Hwy. 401.  
Contact: H. Corby Distillery,  
Corbyville, Ontario.  
(Tel: Belleville 962-4536)

ALCOHOLIC BEVERAGES

## LOCATION AND CONTACT

### CORNWALL

Contact: Chalet Artistic Glass Co. Ltd., Edward & Harbour Sts., Cornwall, Ontario.  
(Tel: 932-2553)

### CORNWALL

Location: St. Lawrence River, off Hwy. 2 at the western end of Cornwall.  
Contact: P.R. Office, Ontario Hydro, Box 999, Cornwall, Ontario.  
(Tel: 932-3072 X 250)

### COURTWRIGHT

Location: St. Clair River, 14 miles south of Sarnia.  
Contact: D.C. Harris, P.R. Representative, Lambton Generating Station, Box 1200, Courtwright, Ontario.  
(Tel: 867-2663)

### DELHI

Contact: Director, Delhi Research Station, P.O. Box 820, Delhi, Ontario.  
(Tel: 582-1950)

## PRODUCT AND DETAILS

### GLASS

See the art of glass blowing as coloured bowls and vases are shaped and formed. Peer into hot furnaces and see molten glass being wrapped around a glass blower's tube and observe the final grinding process for the finished article.

### HYDRO-ELECTRIC POWER

Part of the \$600 million power project built jointly by Canada and the U.S. The dam is the largest international power dam in the world - 3,300 ft. long. An administrative building rises above the main dam and includes information centre for visitors.

### ELECTRIC POWER

One of Ontario Hydro's largest thermal-electric generating stations. Lambton can supply the electric needs of 1,250,000 homes.

### FARMING

The Delhi Experimental Farm comprises of 100 acres of land. Research is conducted on flue-cured tobacco and information on all phases of tobacco production is provided.

LOCATION AND CONTACT

PRODUCT AND DETAILS

DOUGLAS POINT

Location: North of Kincardine on Lake Huron.

Contact: Information Centre, Bruce Nuclear Generating Station, Box 1,000 Tiverton, Ontario.  
(Tel: 368-7031 X 307 or 308).

ELECTRICAL POWER

This site represents Canada's first fullscale nuclear electric plant. Sound film and animated displays explain the working of the station. Bus tours to the site of the Bruce Generating Station and Bruce Heavy Water Plant.

DRYDEN

Contact: Dryden Paper Co., Duke St., Dryden, Ontario.  
(Tel: 223-2323)

PAPER

This paper mill produces a large variety of bleached and unbleached papers and boards. Close to 1,000 cords of wood are used daily to turn out over 200 tons of bleached and unbleached pulp.

EAR FALLS

Location: Follow access road which cuts off from Hwy. 105 at Ear Falls.  
Contact: South Bay Mine, Confederation Lake, Ear Falls, Ontario.  
(Tel: 222-3002 or 222-3618)

MINING

## LOCATION AND CONTACT

### ELLIOT LAKE

Contact: Elliot Lake Tourist Office,  
Box 690, Elliot Lake, Ontario.  
(Tel: 848-2213)

### ELLIOT LAKE

Contact: Elliot Lake Tourist Office,  
Box 690, Elliot Lake, Ontario.  
(Tel: 848-2213)

### HAMILTON

Contact: Mr. Harris, Asst. Sales  
Manager, Coco-Cola Ltd., 1575 Barton  
St. East, Hamilton 27, Ontario.  
(Tel: 545-5881)

### HAMILTON

Location: on 800 acres in the east  
end of Hamilton (Hamilton Harbour)  
with main office at 1330 Burlington  
St. East.

Contact: P.M. Ogden, Plant Tours,  
Dominion Foundries & Steel Ltd.,  
P.O. Box 460, Hamilton, Ontario.  
(Tel: 544-3761 X 2214)

## PRODUCT AND DETAILS

### URANIUM

Denison Mines Ltd. Biggest  
mine in the world devoted  
solely to the production  
of uranium. Hard hats and  
literature available from  
Tourist Office; safety  
glasses at the mine.

### MINING

Quirke Mine: surface  
operations. Hard hats and  
safety glasses are available  
on loan at the Tourist Bureau.

### SOFT DRINKS

Visitors are shown the bottling  
process as well as other  
facilities. After the tour  
there is a movie - "Refreshment  
Through the Years"

### STEEL

A general tour includes the  
dock area with the huge  
equipment used in unloading  
boats of ore and coal, blast  
furnace operations, then the  
oxygen steel-making process.  
Ladies required to wear low  
heels. No shorts or open-toe  
sandals. No cameras. Hard  
hats and safety goggles are  
provided.

## LOCATION AND CONTACT

### HAMILTON

Location: Wilcox Street on Hamilton Harbour.

Contact: R.L. Hornby, Chief Guide, Public Relations, Steel Co. of Canada Ltd., Hamilton, 23, Ontario.

(Tel: 528-2511 X 2952)

### HAMILTON

Location: Burlington St. E.

Contact: J.N. MacKenzie, Employee Services Manager, Procter & Gamble P.O. Box 589, Hamilton, Ontario.

(Tel: 545-1121 X 330)

### HARROW

Location: 20 miles south of Windsor.

Contact: Harrow Research Station, P.O. Box 370, Harrow, Ontario.

(Tel: 738-2251)

### HAVELOCK

Location: Northeast from Peterborough, on Hwy. 7.

Contact: R.L. McDonnell, Plant Manager, International Minerals & Chemical Corporation (Canada) Ltd., Box 280, Havelock, Ontario.

(Tel: 877-2500)

## PRODUCT AND DETAILS

### STEEL

The tour of the largest steel company in Canada covers coke ovens, blast furnace, basic oxygen furnace, primary rolling mill, bar mills, sheet coating lines etc. Sturdy, comfortable shoes should be worn. No cameras permitted. Visitors must supply own transportation to & from plant as well as within the plant (leaving room for tour supervisor).

### SOAP & TOILET GOODS

Tour covers production departments and packing lines. Stair climbing and fairly extensive walking involved.

### AGRICULTURAL RESEARCH

Laboratories, greenhouses and other buildings are surrounded by 330 acres of experimental plots dealing with fruits, vegetables and field crops. Special attraction for visitors are the chrysanthemum shows in November.

### NEPHELINE SYENITE

Ontario has virtually a world in the production of nepheline syenite - a material widely used in the manufacture of ceramic products.

LOCATION AND CONTACT

PRODUCT AND DETAILS

IGNACE

Location: Hwy. 599 about 50 miles north of Ignace.  
Contact: Mattabi Mines Ltd., Ignace, Ontario.  
(Tel: Sturgeon Lake 934-2291)

BASE METALS

Guided tours through surface plant and to the open-pit area.

IROQUOIS FALLS

Location: 40 miles north east of Timmins, 6 miles east of Hwy. 11.  
Contact: Chamber of Commerce, (Pulp & Paper Path Tour), Cedar Street, Iroquois Falls, Ontario.  
(Tel: 232-4633)

PULP & PAPER

A 7 1/2-hour conducted bus trip goes 50 miles back into Abitibi's cutting limits to observe logging operations, natural regenerating areas, plantation sites and growth stands. After a 'lumberjack lunch' the visitor returns to Iroquois Falls where he sees the logs become top quality newsprint.

KAPUSKASING

Location: Hwy. 11.  
Contact: Personnel Manager, Spruce Falls Power & Paper Co., Kimberly-Clark of Canada, 100, Kapuskasing, Ontario.  
(Tel: 335-2311)

NEWSPRINT

The big mill produces over 1,000 tons of newsprint daily while the chemical pulp mill produces over 500 tons daily. The complete process may be seen - from removal of bark to manufacture of pulp, and pulp to newsprint. Tour takes 1 to 1 1/2-hours.

## LOCATION AND CONTACT

### KENORA

Contact: Ontario-Minnesota Pulp & Paper Co., 504 9th St. N., Kenora, Ontario.  
(Tel: 468-6411)

### KIRKLAND LAKE

Location: a few miles south of Kirkland Lake. It is reached by Hwy. 650 which runs eastward from Hwy. 112.

Contact: Chamber of Commerce, Kirkland Lake, Ontario.  
(Tel: 567-5444 or 567-3321)

### KIRKLAND LAKE

Contact: Chamber of Commerce, 20 Duncan North, Kirkland Lake, Ontario. (Tel: 567-5444)

### KITCHENER-WATERLOO

Contact: Baetz Bros. Furniture Ltd., 264 Victoria St. North, Kitchener, Ontario.  
(Tel: 743-3619)

### KITCHENER-WATERLOO

Contact: Mr. G. Silcox, Budd Automotive Co. of Canada, 1011 Homer Watson Blvd., Kitchener, Ontario.  
(Tel: 745-4721)

## PRODUCT AND DETAILS

### NEWSPRINT

Visitors can follow the process of making newspaper at this pulp and paper company where up to 800 tons of high grade newsprint are produced each day. Tours cover operations from the lake to the wood room for cleaning, to the clipping and addition of chemicals and right through to finished newsprint.

### IRON

The Adams Mine: Hard hats and safety glasses are available on loan.

### GOLD

Macassa Mine: operated as a division of Willroy Mines Ltd.

### FURNITURE

A tour of the showrooms.

### AUTOMOBILE FRAMES

PRODUCT AND DETAILS

---

OWEN SOUND

Contact: Mr. R. W. Warkentin, Manager,  
Russel Bros., 2202 3rd Ave. W.,  
Owen Sound, Ontario.  
(Tel: 376-3220)

SHIPS

Shipbuilding - steel tugs,  
ships, barges, logging  
craft, fishing boats and  
ferries.

PETERBOROUGH

Location: Hwy. 28, north of city  
limits.  
Contact: Utilities Commission,  
223 Alymer St. North,  
Peterborough, Ontario  
(Tel: 745-4615)

WATER FILTERING

A tour of Peterborough's  
modern water filtering  
system.

PICKERING

Location: Lake Ontario, south of  
Pickering at Interchange 64 (Liverpool  
Road) on Hwy. 401. Drive south on  
Liverpool Road, east on Base Line Rd.,  
south on Sandy Beach Road to end of  
street.  
Contact: Mr. H.A. Kelly, P.R. Office,  
Nuclear Power Station, Box 1000,  
Information Centre, Pickering,  
Ontario. (Tel: Toronto 282-5781  
or Dunbarton 839-1151)

ELECTRICITY

The Pickering Station is  
a 2,000,000 kw. nuclear  
plant built by the Ontario  
Hydro. At the information  
centre you'll see a colour  
film on nuclear power and  
learn how electricity is  
produced by the heat  
from splitting atoms.

QUEENSTON

Location: River Road near  
Lewiston, Queenston Bridge.  
Contact: Mrs. B. Fraser, Ontario  
Hydro, Box 1015, Niagara Falls,  
Ontario. (Tel: 354-3811 X 647)

ELECTRICITY

Sir Adam Beck Generating  
Station; visitors are  
transported by elevator down  
through rock walls to the  
bottom of the cliff to view  
the control room of the  
generating station.

## LOCATION AND CONTACT

### RED LAKE

Location: on Hwy 105 about 30 miles south of Red Lake.

Contact: Griffith Mine, Red Lake, Ontario. (Tel: 222-3144)

### ROLPHTON

Location: Off Hwy. 17 (Hwy.635)

Contact: Manager, Des Joachims Generating Station & Dam, Ontario Hydro, Hwy. 17, Rolphton, Ontario. (Tel: 586-2211)

### ST. CATHERINES

Contact: Stokes Seeds Flower Trial Gardens, 39 James Street, St. Catherines, Ontario. (Tel: 685-4255)

### SAULT STE. MARIE

Contact: Provincial Relations, Weyerhaeuser Ontario Ltd., 45 Third Line West, Sault Ste. Marie, Ontario. (Tel: 949-7800)

## PRODUCT AND DETAILS

### IRON

Conducted tour includes a 20-minute film on the Griffith Mine operations, a bus tour of the open-pit mine and a foot tour of the shops and processing plant. Ladies are required to wear slacks and low heels for shop & plant tour.

### ELECTRICITY

This is the largest of Ontario's Hydro-electric plants on the Ottawa River. The dam is 2,400 feet long, 130 feet high. 230,000 volts are transmitted to Southern Ontario every day.

### FLOWERS

One of the official sites of All-American Trials, 3 acres of beds separated by grass walkways, mass plantings of hundreds of different varieties and colours.

### FIRE FIGHTING

The world's largest forest fighting service.
